seminar paper from the year 2012 in the subject business economics business management corporate governance institut für management gmbh institut für management language english abstract the aim of this article is to analyse the management style of the president of the united states barack obama and how barack obama activated and motivated thousands of volunteers the analyse is founded on different books about obama furthermore the person barack obama and his management style will be compared with a brand the election of barack obama as the 44th president of the united states is not only the story of an unprecedeted rise but also a perfect lesson in the development and success of a strong brand whether someone is a personal fan of barack obama or not one thing is clear the new ceo of the united states of america has changed the rules of marketing and leadership radically for many experts the rise of the brand obama has become the essence of perfect brand management regardless of their nationality or political persuasion the magazine advertising age allocated barack obama with this title the writer based his explanations on primary sources that are complemented by secondary literature the analyse is based on magazines and books about obama s strategy and his leadership style moreover

important field reports provide comprehensive information about obama

is the notion of postcolonial europe an oxymoron how do colonial pasts inform the emergence of new subjectivities and political frontiers in contemporary europe postcolonial transitions in europe explores these questions from different theoretical geopolitical and media perspectives drawing from the interdisciplinary tools of postcolonial critique this book contests the idea that europe developed within clear cut geographical boundaries it examines how experiences of colonialism and imperialism continue to be constitutive of the european space and of the very idea of europe by approaching europe as a complex political space the chapters investigate topical concerns around its politics of inclusion and exclusion towards migrants asylum seekers and refugees as well as its take on internal conflicts transitions and cosmopolitan imaginaries with a foreword by paul gilroy

this book argues that the responsibility to protect r2p the libyan people played an important role in the u s s decision to act both in terms of how the language of deliberation was framed and the implementation of the actual intervention once all preventive means had been exhausted while the initial ethos of the intervention followed international norms the author argues that as the conflict continued to unfold the obama administration s loss of focus and lack of political will for post conflict resolution as well as a wider lack of understanding of ever changing politics on the ground resulted in libya s precipitation into chaos by examining the cases of rwanda and darfur alongside the interventions in kosovo iraq and afghanistan the book discusses how these cases influenced current decision making with regards to foreign interventions and offers a triangular framework through which to understand r2p responsibility to prevent react and rebuild

electricity capacity in the unitrd global warming states u s is severely constrained and that constraint is exacerbated by global warming concerns in order to alleviate that constraint new high effi ciency technology must be utilized primarily in commercial and industrial applications these technologies would replace a cap and trade tax policy that would be an onerous taxign action to reduce the global warming problem ultimately innovation would free up additional electric capacity

between march and october 2011 a coalition of north atlantic treaty organization nato member states and several partner nations waged a war against muammar qaddafi s libyan regime that stemmed and then reversed the tide of libya s civil war preventing qaddafi from crushing the nascent rebel movement seeking to overthrow his dictatorship and going on to enable opposition forces to prevail the central element of this intervention was a relatively small multinational force s air campaign operating from nato bases in several countries as well as from a handful of aircraft carriers and amphibious ships in the mediterranean sea the study details each country s contribution to that air campaign examining such issues as the limits of airpower and coordination among nations it also explores whether the libyan experience offers a potential model for the future

since delivering his keynote speech at the 2004 democratic national convention barack obama has been hailed as the clear savior of not only the democratic party but of the integrity of american politics despite the fact that he burst onto the national scene seemingly overnight his name recognition has grown by leaps and bounds ever since barack obama in his own words a book of quotes from the illinois senator allows those who aren t as familiar with his politics to learn quickly where he stands on abortion religion aids his critics foreign policy iraq the war on terror unemployment gay marriage

and a host of other important issues facing america and the world
